Dear Aashish:

Congratulations! Your academic record of achievement within your undergraduate degree program, as well as your other accomplishments, is to be commended. In view of your outstanding credentials, you have been selected to receive a University of Florida, Herbert Wertheim College of Engineering ***Achievement Award Scholarship for New Engineering Graduate Students***. This offer includes a partial tuition waiver of \$1,500 a semester for up to three semesters (minimum of nine hours enrolled per semester). The current out-of-state tuition and fees are \$1,255 per graduate credit hour. The three semesters must be used within the first two years of enrollment. It is noted that no other University support (e.g., assistantship, fellowship, scholarship) is permitted while serving as an Achievement Awardee, although you may transition to such alternate support if funding becomes available.

The ***Achievement Award Scholarship for New Engineering Graduate Students*** is offered to incoming graduate students to convey our enthusiasm in attracting you to the University of Florida and our commitment to supporting your professional development. We hope this partial tuition waiver will make the cost of your education more affordable. The Achievement Award Scholarship represents a savings of \$4,500 during your Master's degree program. The academic year officially **begins August 16, 2020**.

We are very pleased to extend this offer and hope that you will agree to join UF Department of Computer & Information Science & Engineering. We believe that you will find that the University of Florida offers a stimulating, creative climate for graduate studies.

Please confirm your acceptance directly to Kristina Sapp at [klsapp@ufl.edu](mailto:klsapp@ufl.edu) via email and return the signed letter of offer at your earliest convenience but no later than **May 1, 2020**. If you have any questions, please do not hesitate to contact us.

Congratulations on your award and we look forward to seeing you in the Fall.

Best wishes,
